Lieutenant General S. E. Anderson
Commander
Air Research and Development
Andrews Air Force Base
Washington 25, D. C.

Dear General Anderson:

In reply to your kind invitation of 6 June, I regret that I will be unable to attend the 5th Annual AR&D Science and Engineering Symposium on 22-23 July.

However, the topics for discussion hold a definite interest for the Agency and several members of my staff do plan to attend the Symposium. The security clearances and additional information on those attending will be forwarded to your office as soon as possible.

Your thoughtfulness in inviting me to join your group on this particular occasion is indeed appreciated.

Sincerely,

SIGNED

Allan V. Dulles
Director
